

Renton

The Center of Opportunity

Renton has created an environment that supports business development while enhancing quality of life. Community leaders nurture entrepreneurial spirit and foster successful partnerships. Bold economic plans have diversified the City's employment base and strategically positioned Renton for the future. For these reasons and many more, Renton is the center of opportunity in the Puget Sound region where businesses and families thrive.

Location.

On the south shore of Lake Washington, Renton's central location is at the heart of the vibrant Puget Sound region. Served by Interstate 405 and four state highways, access to Renton from other Greater Seattle communities is quick and easy. The City is well-served by mass transit, making commuting to and from work simple and convenient for employees. This allows employers to draw from a large talent pool and provides direct transportation connections for goods and services.

Value.

Affordable land costs and lease rates, as well as large blocks of developable property, all provide Renton with opportunities unseen throughout the rest of the Puget Sound region. With no local business and occupation tax, businesses keep more earnings. The City's streamlined permitting process and low mitigation and permit fees speed development, lower costs, ensure predictability, and reduce risk.

Education. Renton's high quality education system provides businesses with access to a large pool of well-trained, knowledgeable workers. In fact, the number of individuals within the Renton community who have completed four or more years of college is nearly twice the national average. And, with the University of Washington, the premier public research university in the United States, and other four-year colleges and universities nearby, Renton has exceptional access to higher learning.

Renton School District has outstanding schools and programs. The District has 13 elementary schools, three middle schools, three high schools and various special programs for more than 13,000 students. Five schools have been named Outstanding Blue Ribbon Schools of Excellence and the District has received the prestigious national "What Parents Want" award.

Renton Technical College is one of the leading producers of trained apprentices in Washington State. It serves 16,000 students with more than 70 full time and part-time career training

programs. The College has the flexibility to create programs specific to the aerospace, information technology, and life sciences industries.

Pro-business Government. City leaders have embraced economic development as the cornerstone of its future. Every policy decision is driven by business plan goals based on improving Renton's economic vitality and achieving the vision of "Renton: The Center of Opportunity where businesses and families thrive". This effort has reaped tremendous rewards and the community is primed for continued growth.
